Ragvir Sabharwal

1 October 2020

## 1 Instructions

Please discuss amongst yourselves, while I lower my computer's volume, and try to think of two truths and one lie about your group. Once you are ready, send me a chat message, and I'll raise my volume again. Then my job is to guess which one is the lie.

## 2 Ragvir's Truths and Lies

Now, it's your turn!

- I am really good at growing and maintaining Bonsai trees

- I am the proud cat-dad of 3 kittens named Pulse, Pounce and Polka

- I am 37 years old and my PhD colleagues call me “Uncle Ragvir”
